2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

Duke Energy has been given rate increases during the past several years and are now requesting another. Our electric is costing almost \$200/month. We are senior citizens living on a fixed income. With gas, groceries, Obamacare, etc., we are now facing an increase in our electric bill. How does Duke think it can get blood out of a rock? ~~Can't do with the economy the way it is~~, people are living paycheck to paycheck. If someone has trouble paying their electric, Duke shuts it off + then charges \$75 to turn it back on!! How can they justify that when all they have to do is flip a switch. I wish I was paid \$75.00 to flip a switch. ~~over~~

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

I wish we could make an appearance, but due to the distance of hearings, we can't afford the gas!!

please turn over!

Also, Duke gets Federal breaks for their nuclear power plants, what are they doing with that money? Also, how much is the CEO making? Here we are again with corporate greed!!
